

# BY2H | Moving-base errors and actual native-valid support

- Original condition 179/1350; RMSE 27.01°
- Expanded constellation 186/1350; RMSE 12.73°
- Ephemeris-only change 217/1350; RMSE 31.26°
- Fix-and-hold condition 149/1350; RMSE 10.62°

Colored ticks: newly accepted native fixed solutions. Gray: original paired epoch span; no hold-last filling.

Heading projection versus Euler reference is an application comparison; Q1 does not prove the integer ambiguities are correct.
