

BY20 | Moving-base errors and actual native-valid support

- Original condition 112/1885; RMSE 23.14°
- Expanded constellation 117/1885; RMSE 21.78°
- Ephemeris-only change 231/1885; RMSE 20.40°
- Fix-and-hold condition 93/1885; RMSE 19.21°

Colored ticks: newly accepted native fixed solutions. Gray: original paired epoch span; no hold-last filling.

Heading projection versus Euler reference is an application comparison; Q1 does not prove the integer ambiguities are correct.
