

BY2 | Moving-base errors and actual native-valid support

- Original condition 153/1370; RMSE 14.57°
- Expanded constellation 154/1370; RMSE 14.61°
- Ephemeris-only change 194/1370; RMSE 20.65°
- Fix-and-hold condition 60/1370; RMSE 4.51°

Colored ticks: newly accepted native fixed solutions. Gray: original paired epoch span; no hold-last filling.

Heading projection versus Euler reference is an application comparison; Q1 does not prove the integer ambiguities are correct.
